# Introduction

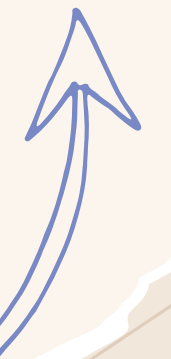

- Hello, My Name is Dhvani Vaja. I am Data Analyst. I have completed my graduation in Computer Engineering from LDCE. Also I have completed my certification in Data Analytics from TOPs. I am from Ahmedabad and we are 5 members in family. Apart from that, I like watching movie, trekking, rifle shooting. That's about me. Thank you.

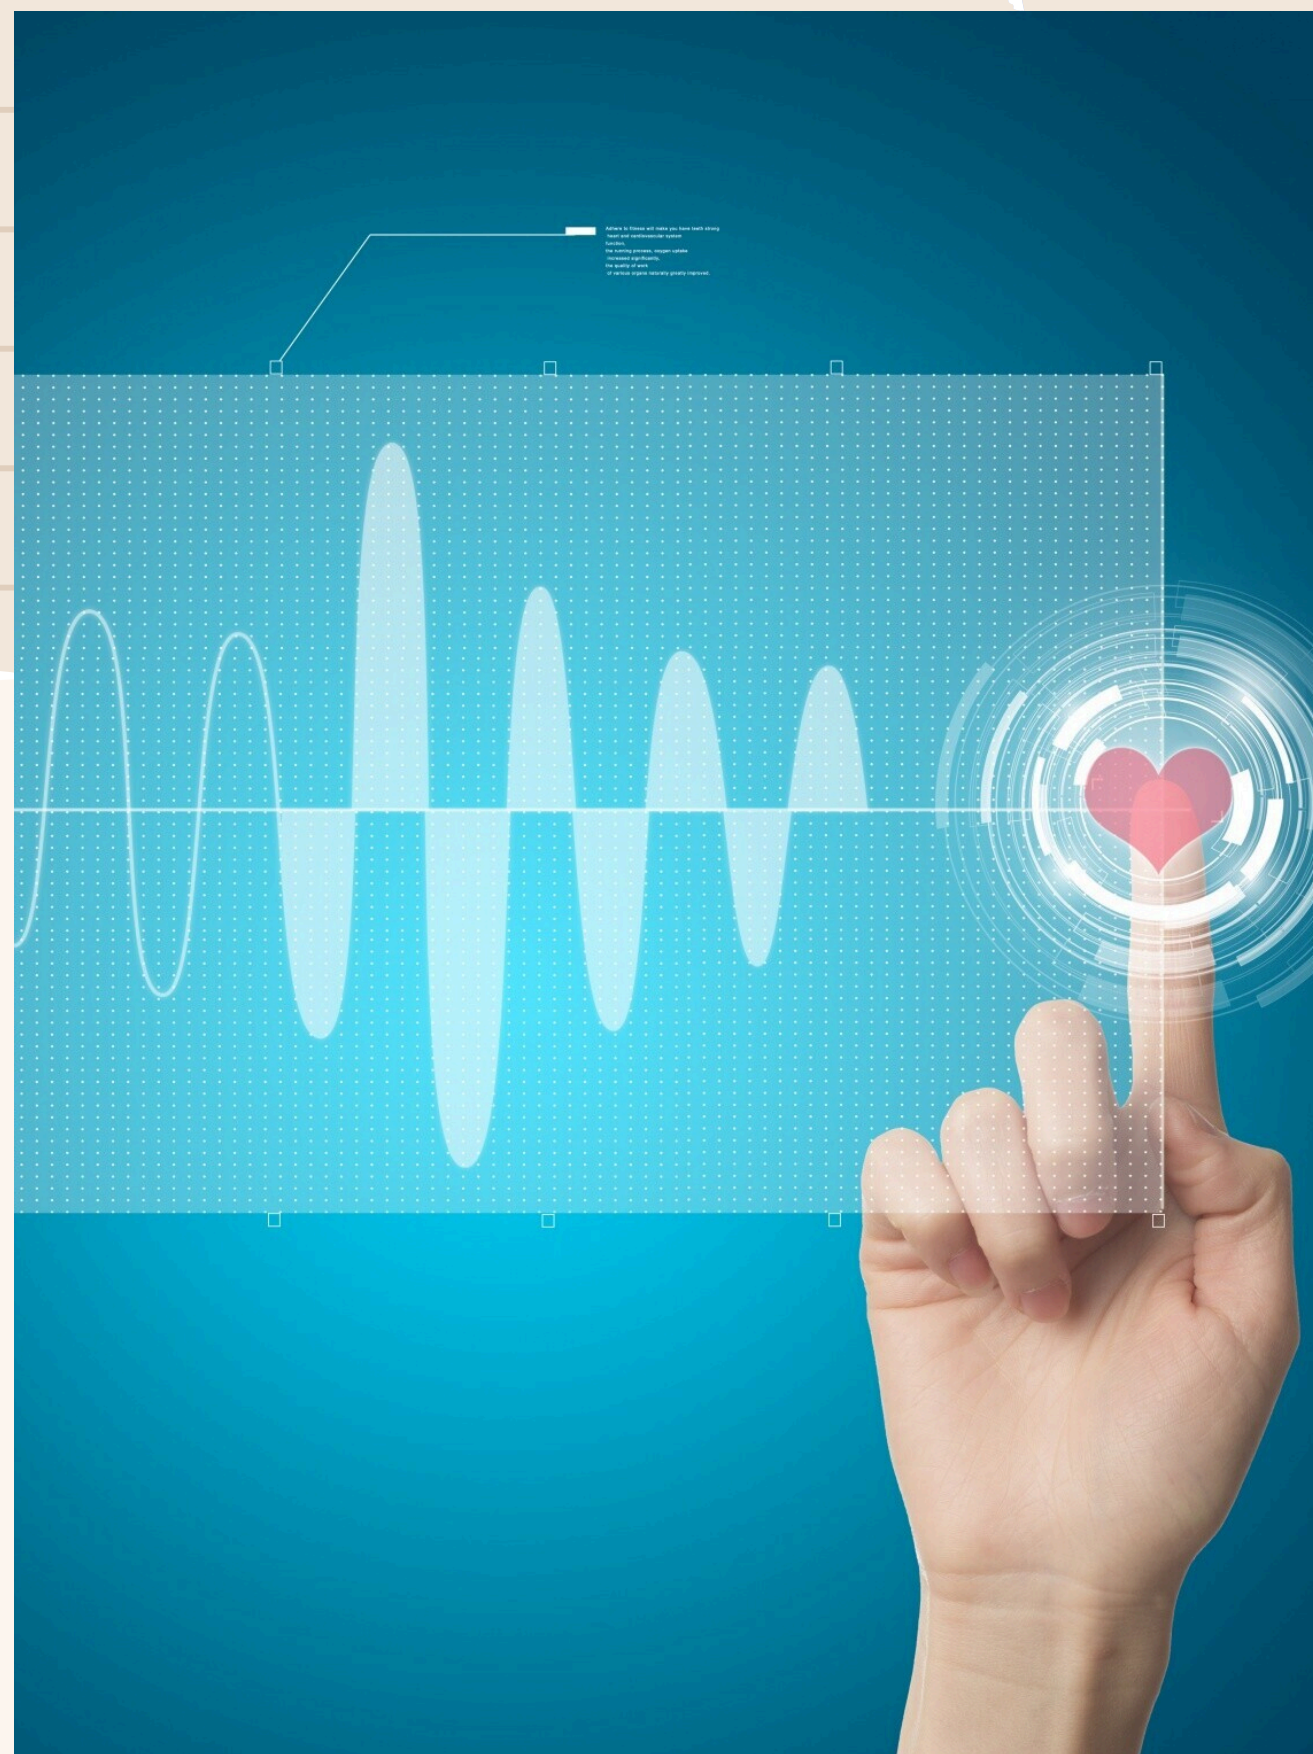

# Why are you into IT field?

- I was into aviation industry but due to health I couldn't pursue it, so I had to change my career. However I like numbers and solving problems which helped me to choose data analytics as my career and that's how I can into IT.

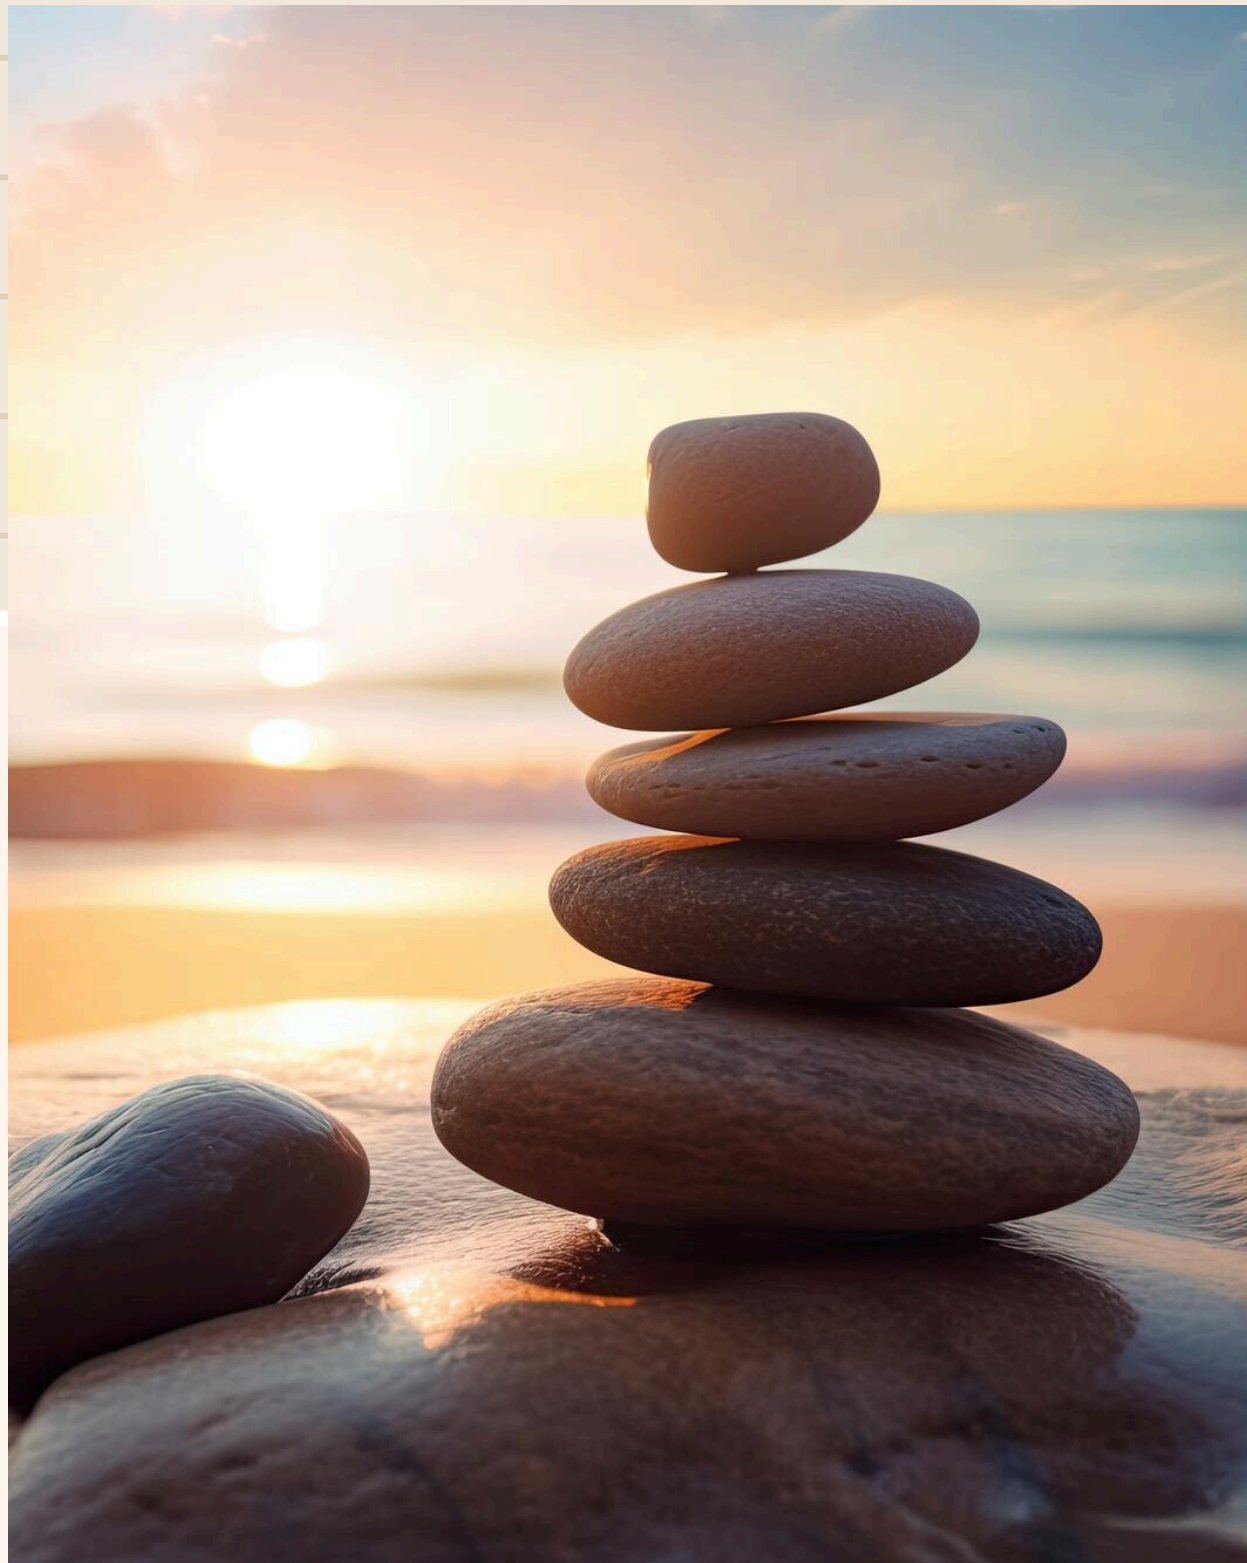

# Where do you see yourself after 5 years?

- In five years, I hope to have built on my skills and gained more responsibility within this company. I'm eager to learn from experienced team members and eventually take on leadership roles.

# What inspires you?

- I was recently talking to a friend about how much we've both changed since we first met 20 years ago. It made me realize how much fun I have becoming a better version of myself. What inspires me most is crafting myself in ways that I hope to evolve in. I work really hard to build myself in ways that would make past versions of myself feel genuine joy at figuring things out, living an even better life than what a past me hoped for.

# Likes,Dislikes:

- I like play Badminton
  - I like watching Horror Comedy, Thriller movies.
  - I like to do painting, trekking, rifle shooting.
- 
- I don't like to do GYM.
  - I don't like dishonest person.
  - I don't like RED colour cloth.

# Talk about favourite movie, place and short term goals

- Favorite Movie: Mission Mangal
- Favorite Place: Dwarka
- I hope to have a long career with your company, and so my short term career goal would be to get acquainted with every facet of the corporate environment relevant to my position. I will then move the goal post to learn new things to get ahead in this field and become capable of handling higher-level work responsibilities.

Thank you
